Paint Finishes

Color is everything, and painted finishes provide limitless possibilities, which is why Shiloh Cabinetry offers so many choices. Our diverse collection of standard paint colors is only the beginning. For those with a particular color in mind, our custom paint program lets you choose from the entire Sherwin Williams’ palette of paint colors. Visit your local retailer for more details.

arctic	polar	pure white	eggshell	light french gray
soft white	beige	amazing gray	mindful gray	
repose gray	shoji white*	unusual gray	dovetail gray	
niebla azul	slate tile	outer space	quietude*	
clary sage	evergreen fog	naval	hale navy	
rookwood shutter green*	pewter green	iron ore	black	

Highlight Options on Paint

Shiloh also offers an additional finish technique on paint. Available on select paint colors, our highlight option adds an extra level of character for a more antiqued appearance. Variation of intensity is common and expected with highlight techniques.

Stain Finishes

The beauty of wood is showcased with our carefully selected palette of stains. Our staining process enhances the various wood species that we offer, resulting in a beautifully finished piece of furniture for your home. When you add a glaze or highlight to one of our stains, you add an extra layer of depth and a change to the color tone, for even more possibilities. From traditional colors to modern interpretations, you are sure to find the right finish.

Specialty Finishes

Olde World

Olde World is a painted finish, hand-distressed to simulate an old and heavily worn appearance. The Olde World finish features a random combination of some, or all of, the following finish techniques: rock dents, crackle, wearing, edge and panel gouging, brushed highlight, worm holing and more. Olde World is available on a select number of standard paint colors and on most wood species.

Finishes

Olde World Finish Techniques

Aged

The Aged Technique is a predetermined selection of numerous finish techniques to create a worn and aged appearance. The techniques possible are: edge and panel gouging, worm holing, rock dents, and wearing. The level of “Aging” is very random and inconsistent from piece to piece. The Aged Technique can be applied to all wood species (excludes Select Poplar) on any stain or paint color, but is not compatible with Olde World finishes.

Aged Finish Techniques

Decorative Wood Hoods

As the centerpiece of most kitchens, the range hood should be functional and beautiful. Shiloh has one of the most extensive wood hood offerings in the industry. With more than 40 unique styles, flexible sizing and all of Shiloh's finish options, our hoods make a statement in any kitchen. Our hoods are built by our own craftsmen and have been carefully engineered for appeal, functionality, and ease of installation.

Furniture Vanities

Shiloh's furniture vanities feature custom styling and access to our wide array of finishes. Each style features a specific construction method and is built by one of our expert craftsmen. Choose from a multitude of unique styles in single or double bowl configurations. With multiple sizes, door styles and finishes available, our furniture vanities are a simple way to customize a bathroom.

Shiloh Construction

Shiloh Cabinetry’s construction is an example of the commitment to long-term durability. Our cabinets feature quality components and construction methods throughout. We even operate our own testing lab to check the integrity of the finished products used to build our cabinets. Compare our cabinet construction against the competition and you will see why Shiloh stands out against the rest.

- 1. Solid wood hanging rail for secure fastening to the wall
- 2. Solid wood corner blocks in base cabinets add strength and stability
- 3. 5/8” hardwood dovetail drawer standard (3/4” hardwood dovetail available)
- 4. Guides are Blum TANDEM edge 7/8” extension with integrated BLUMOTION soft closing mechanism (optional Blum TANDEM full extension guides with integrated BLUMOTION soft closing mechanism)
- 5. Doors crafted from hardwood, MDF, and/or veneers.
- 6. Durable and easy to clean material
- 7. 3/4” plywood adjustable shelving with solid metal shelf clips
- 8. 1 1/2” wide solid wood frames
- 9. 3/8” plywood bottom and top (on wall cabinets)
- 10. Catalyzed conversion varnish topcoat that is smooth, very durable, and resistant to most household chemicals
- 11. 1/2” plywood sides with 1/4” wood veneer (stained) or 1/4” MDF (painted) applied on finished ends
- 12. Blum CLIP top BLUMOTION, 6-way adjustable, soft-close, concealed hinges in standard or full overlay and flush or beaded inset (includes modern inset versions). 3/8” inset uses knife hinge that does not soft-close
