

DESIGNER SERIES

EXCLUSIVELY FROM

 **Built**Cabinets

Designed for You. Built to Last.

MORE CHOICE, MORE FREEDOM, MORE DESIGN

Endless possibilities meet expert craftsmanship. With more door styles, more finishes, and more ways to customize, the Designer Series gives you the freedom to create a kitchen that truly reflects your style.

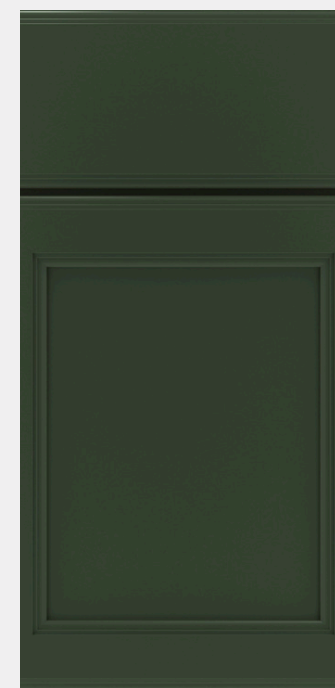

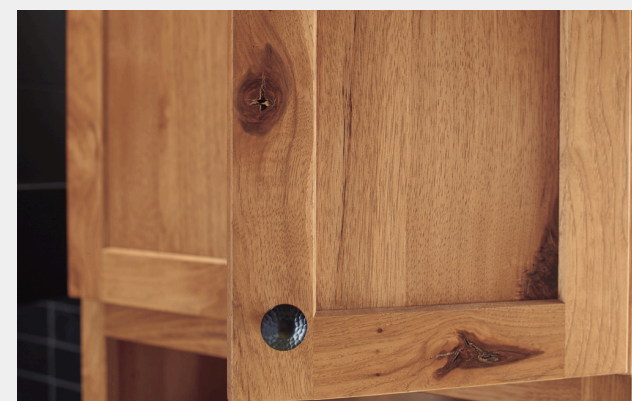

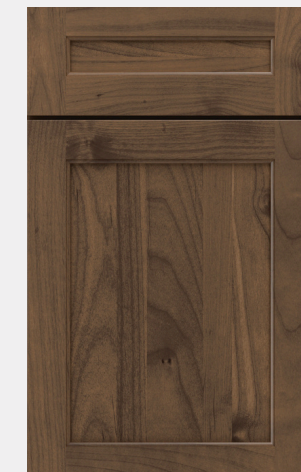

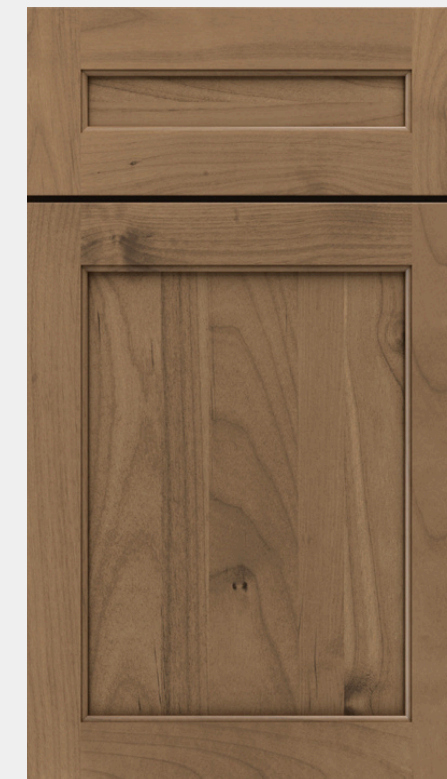

**Maple, Cherry, Oak, Rustic Hickory,
Rustic Alder, and Specialty Laminates**

DESIGN YOUR WAY

Your kitchen should be a reflection of your taste, lifestyle, and home. The Designer Series gives you more options than ever, allowing you to customize your space with a wide range of door styles, finishes, and configurations. Whether you love the warmth of traditional design or the sleek lines of a modern space, we give you the tools to bring your vision to life.

PARTIAL OVERLAY

A timeless, budget-friendly option. The cabinet doors sit on the cabinet face, leaving about a 1-inch gap, allowing the face frame to remain visible.

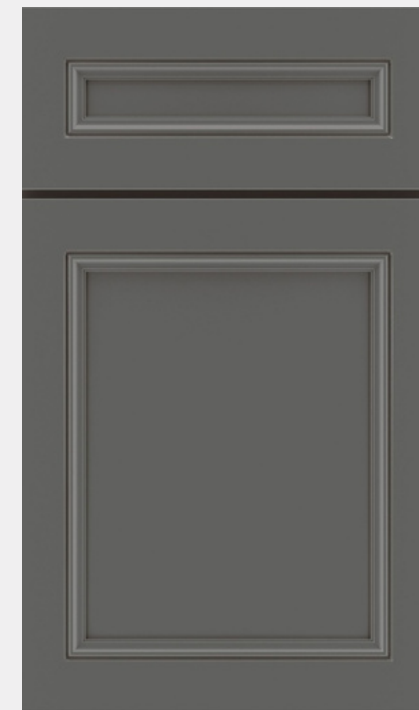

FULL OVERLAY

A sleek, modern aesthetic. The cabinet doors cover most of the cabinet face, leaving only a ¼-inch gap for a seamless, refined look.

CONSTRUCTION & ORGANIZATION

6-Way Adjustable Hinges

All cabinets feature fully concealed, 6-way adjustable cup hinges, offering a sleek and modern look. The hinges include a soft close self-closing feature with a deactivation option, allowing for soft and quiet door closure.

Adjustable Shelves

Our cabinets come with $\frac{3}{4}$ " thick adjustable shelves made of plywood with a natural maple laminate finish or a furniture board alternate. These shelves are easy to clean and customize, perfect for meeting all your storage needs. In base cabinets, the shelves are half-depth for convenient access to stored items.

Butt Doors

All double-door cabinets up to 36" wide feature butt doors, eliminating the need for a center mullion. This design maximizes storage for large bowls and platters without unnecessary obstructions.

Soft-Close Hardware

6-way adjustable hinges & full-extension under-mount guides for smooth operation.

Solid Wood Dovetail Drawer Boxes

Sturdy, durable, and designed for long-term use.

All-Plywood Construction

$\frac{1}{2}$ " plywood ends, $\frac{3}{4}$ " plywood adjustable shelves.

OPTIONAL ORGANIZATIONAL UPGRADES

OUR PROVEN PROCESS

FROM FIRST CALL TO FINAL INSTALL
HERE'S HOW WE BRING YOUR VISION TO LIFE.

DISCOVER

1

LET'S GET TO KNOW EACH OTHER

- Start with a 15 min. phone call or video chat.
- Tell us more about you and learn more about Built Cabinets.
- Share your vision with us, images or ideas. Do you have a vision board?
- Built designers are trained and ready to help guide you.

DESIGN

2

WE WANT YOU TO LOVE YOUR DESIGN
