01

BUILT SERIES · SHIPS FAST

Craftsman Rapid

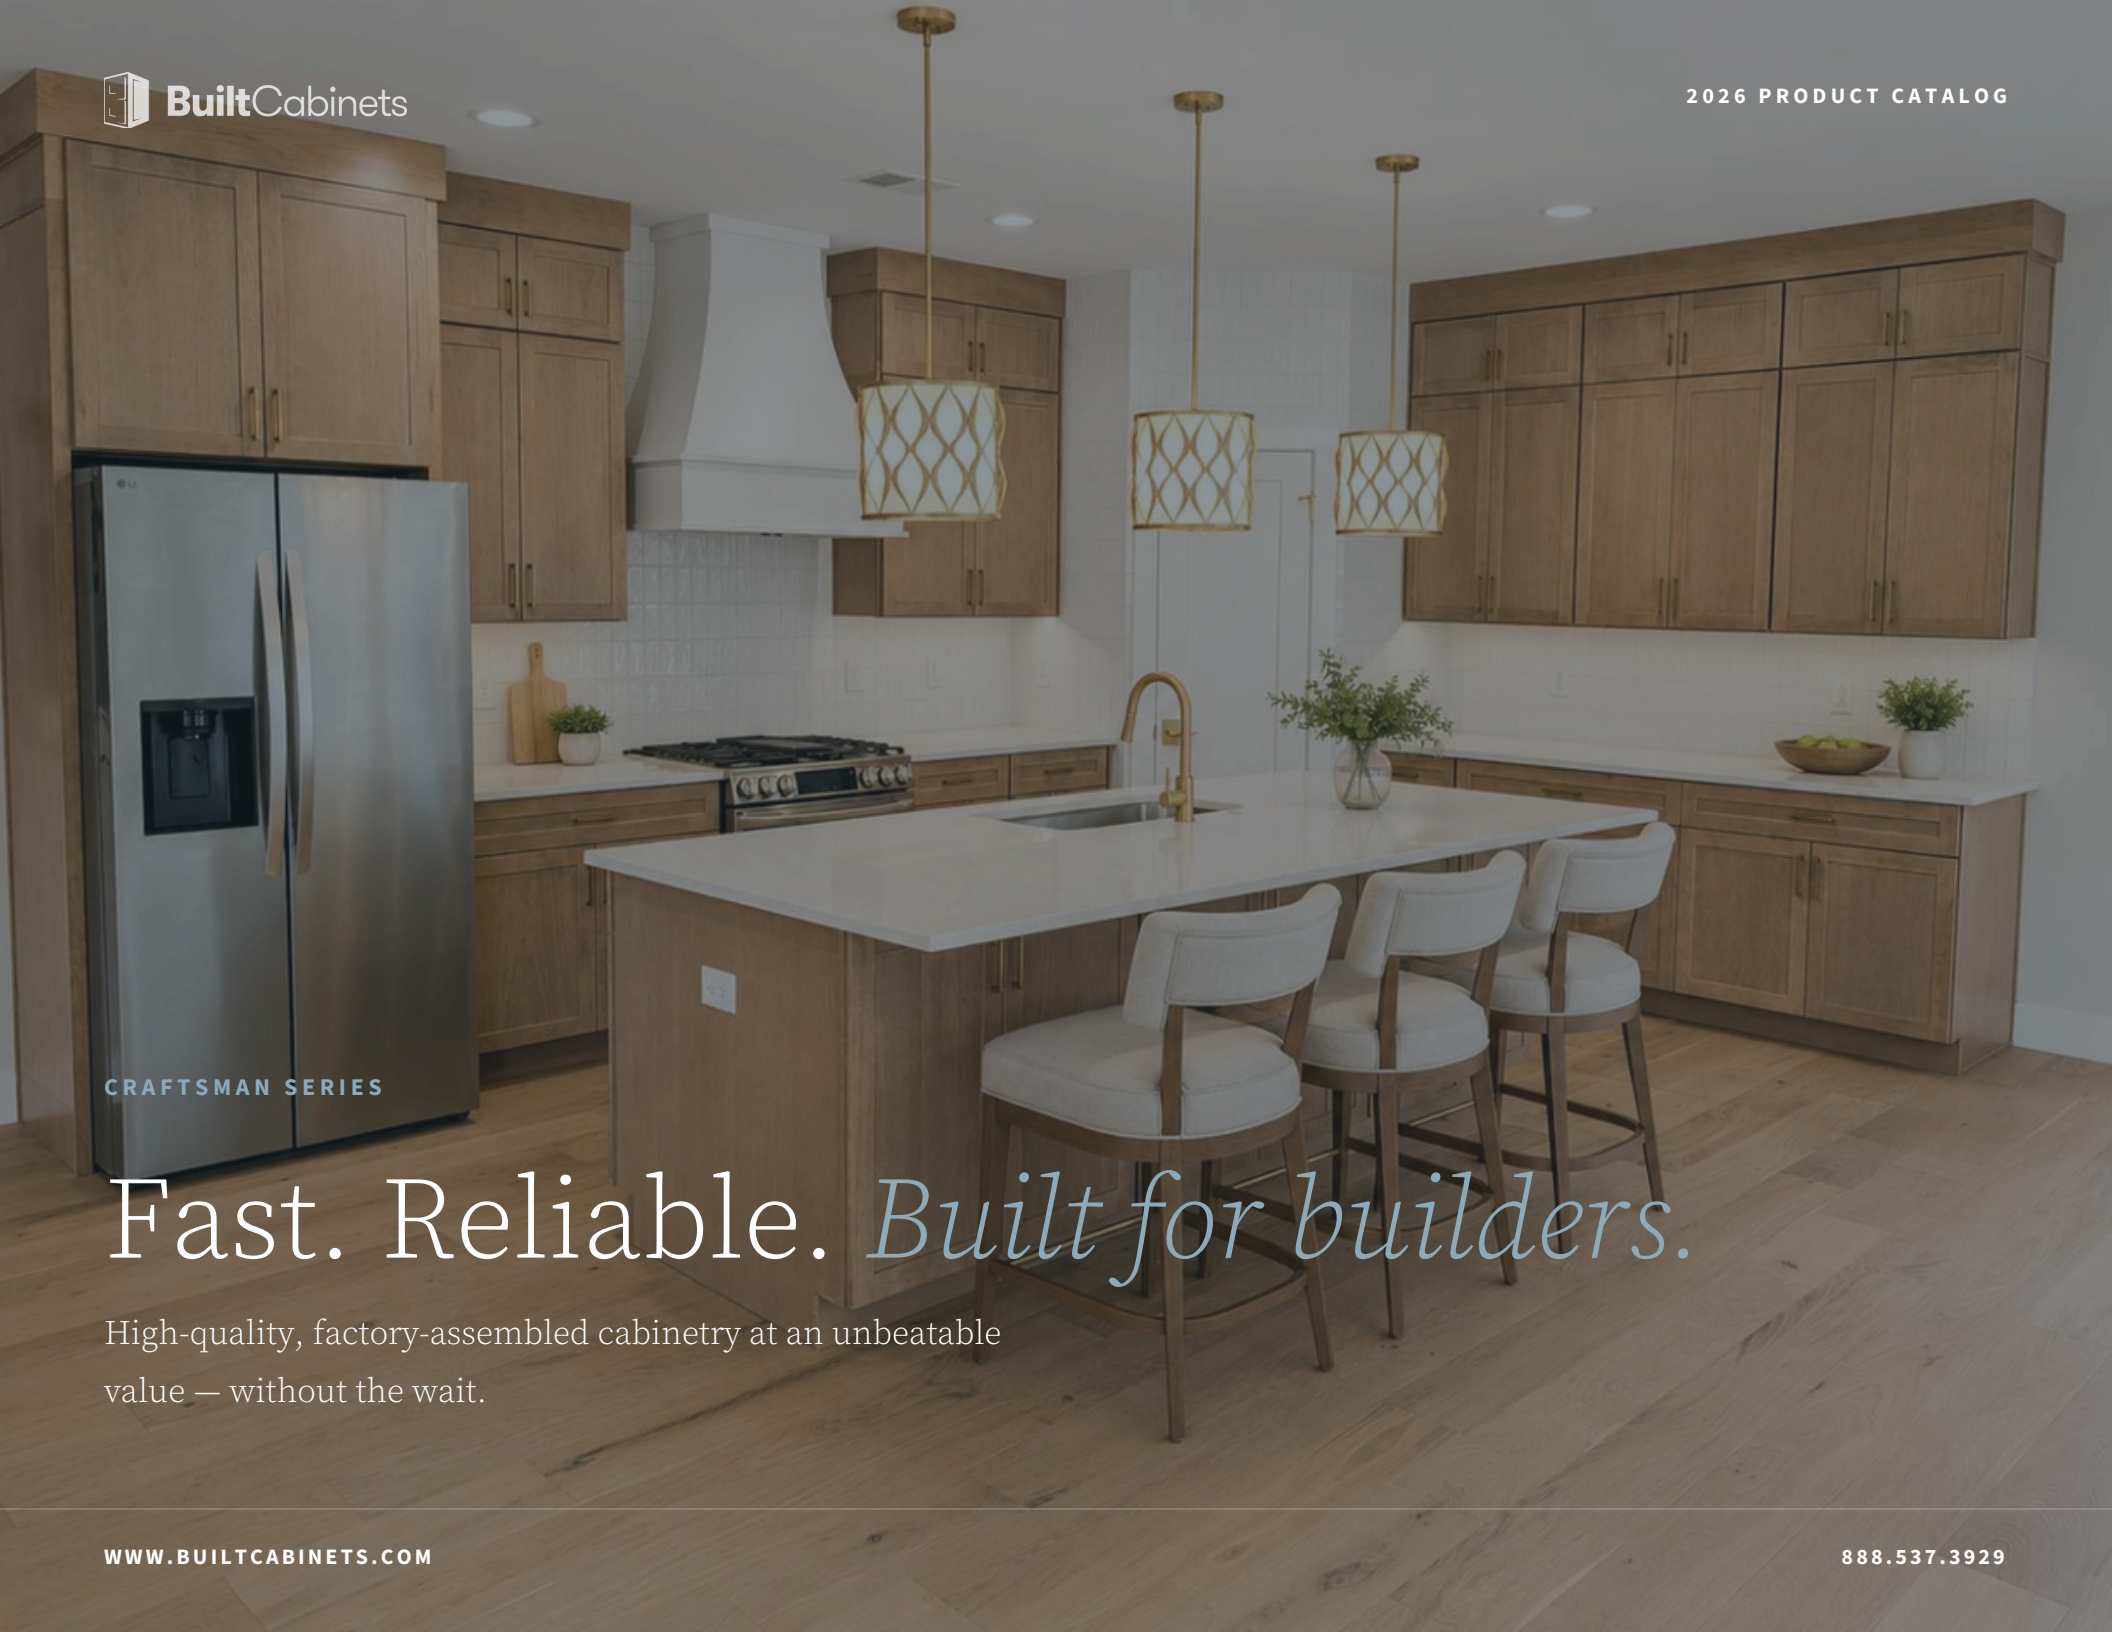

When the schedule can't move. Two door styles and seven finishes, pre-configured for speed. Plywood construction, dovetail drawers, soft-close standard.

WHO IT'S FOR

Spec homes and production builds on a tight timeline.

2–3 wk	2	9
SHIPS IN	DOOR STYLES	COMBINATIONS

CRAFTSMAN SERIES

Fast. Reliable. *Built for builders.*

High-quality, factory-assembled cabinetry at an unbeatable value — without the wait.

WHY CRAFTSMAN SERIES

When time, quality, and *cost matter.*

Designed specifically for builders, Craftsman Series cabinets deliver a seamless combination of durability, speed, and affordability.

01

SPEED YOU CAN COUNT ON

Orders typically delivered within 2–3 weeks.

02

BUILT FOR QUALITY

All-plywood construction, soft-close doors and drawers, and state-of-the-art factory finishes.

03

PRICED FOR VALUE

On-trend styles and popular finishes to maximize efficiency and keep costs down.

BACKED BY A 5-YEAR LIMITED WARRANTY

SOLID WOOD DOVETAIL DRAWER BOXES

CONSTRUCTION

Built from the box out.

Every cabinet is inspected and tested before it leaves the facility — so there are no surprises when it arrives at the job site.

ALL-PLYWOOD CONSTRUCTION

½" plywood ends and ¾" plywood adjustable shelves.

SOFT-CLOSE HARDWARE

6-way adjustable hinges and full-extension under-mount guides for smooth operation.

DOVETAIL DRAWER BOXES

Solid wood — sturdy, durable, and designed for long-term use.

ISLAND CABINET — PLYWOOD SHELVES, CONCEALED HINGES

INSIDE EVERY CABINET

Details that do the work.

ADJUSTABLE SHELVES

¾"-thick adjustable plywood shelves with a natural maple laminate finish, or a furniture-board alternate. Half-depth in base cabinets for convenient access.

6-WAY ADJUSTABLE HINGES

Fully concealed cup hinges with a sleek, modern look. Soft-close is standard, with a deactivation option for soft, quiet door closure.

BUTT DOORS

Double-door cabinets up to 36" wide eliminate the center mullion — maximizing storage for large bowls and platters.

ALABASTER ON BRISTOL

BARBADOS ON BRISTOL

DOOR STYLE 01

Bristol.

STANDARD OVERLAY · FLAT DRAWER FRONTS

Built for builders. Backed by craftsmanship.

CONSISTENT, SMOOTH STAINS AND PAINTS

Factory-applied for a high-quality, long-lasting look.

LIMITED SELECTION, MAXIMUM IMPACT

Only the most popular, on-trend finishes — efficient production, competitive pricing.

THE BUILT GUARANTEE

We will make it right. *Every time.*

At Built, we stand behind our products and our people. The Craftsman Series isn't just cabinets — it's a seamless experience, a trusted process, and a product that stands the test of time.

5-YEAR LIMITED WARRANTY
Built for long-term reliability.

FACTORY-DIRECT EFFICIENCY
Fast, high-quality cabinets, shipped direct.

MADE FOR BUILDERS
Contractors, remodelers, and developers.

02

BUILT SERIES · MADE TO ORDER

Maker Series

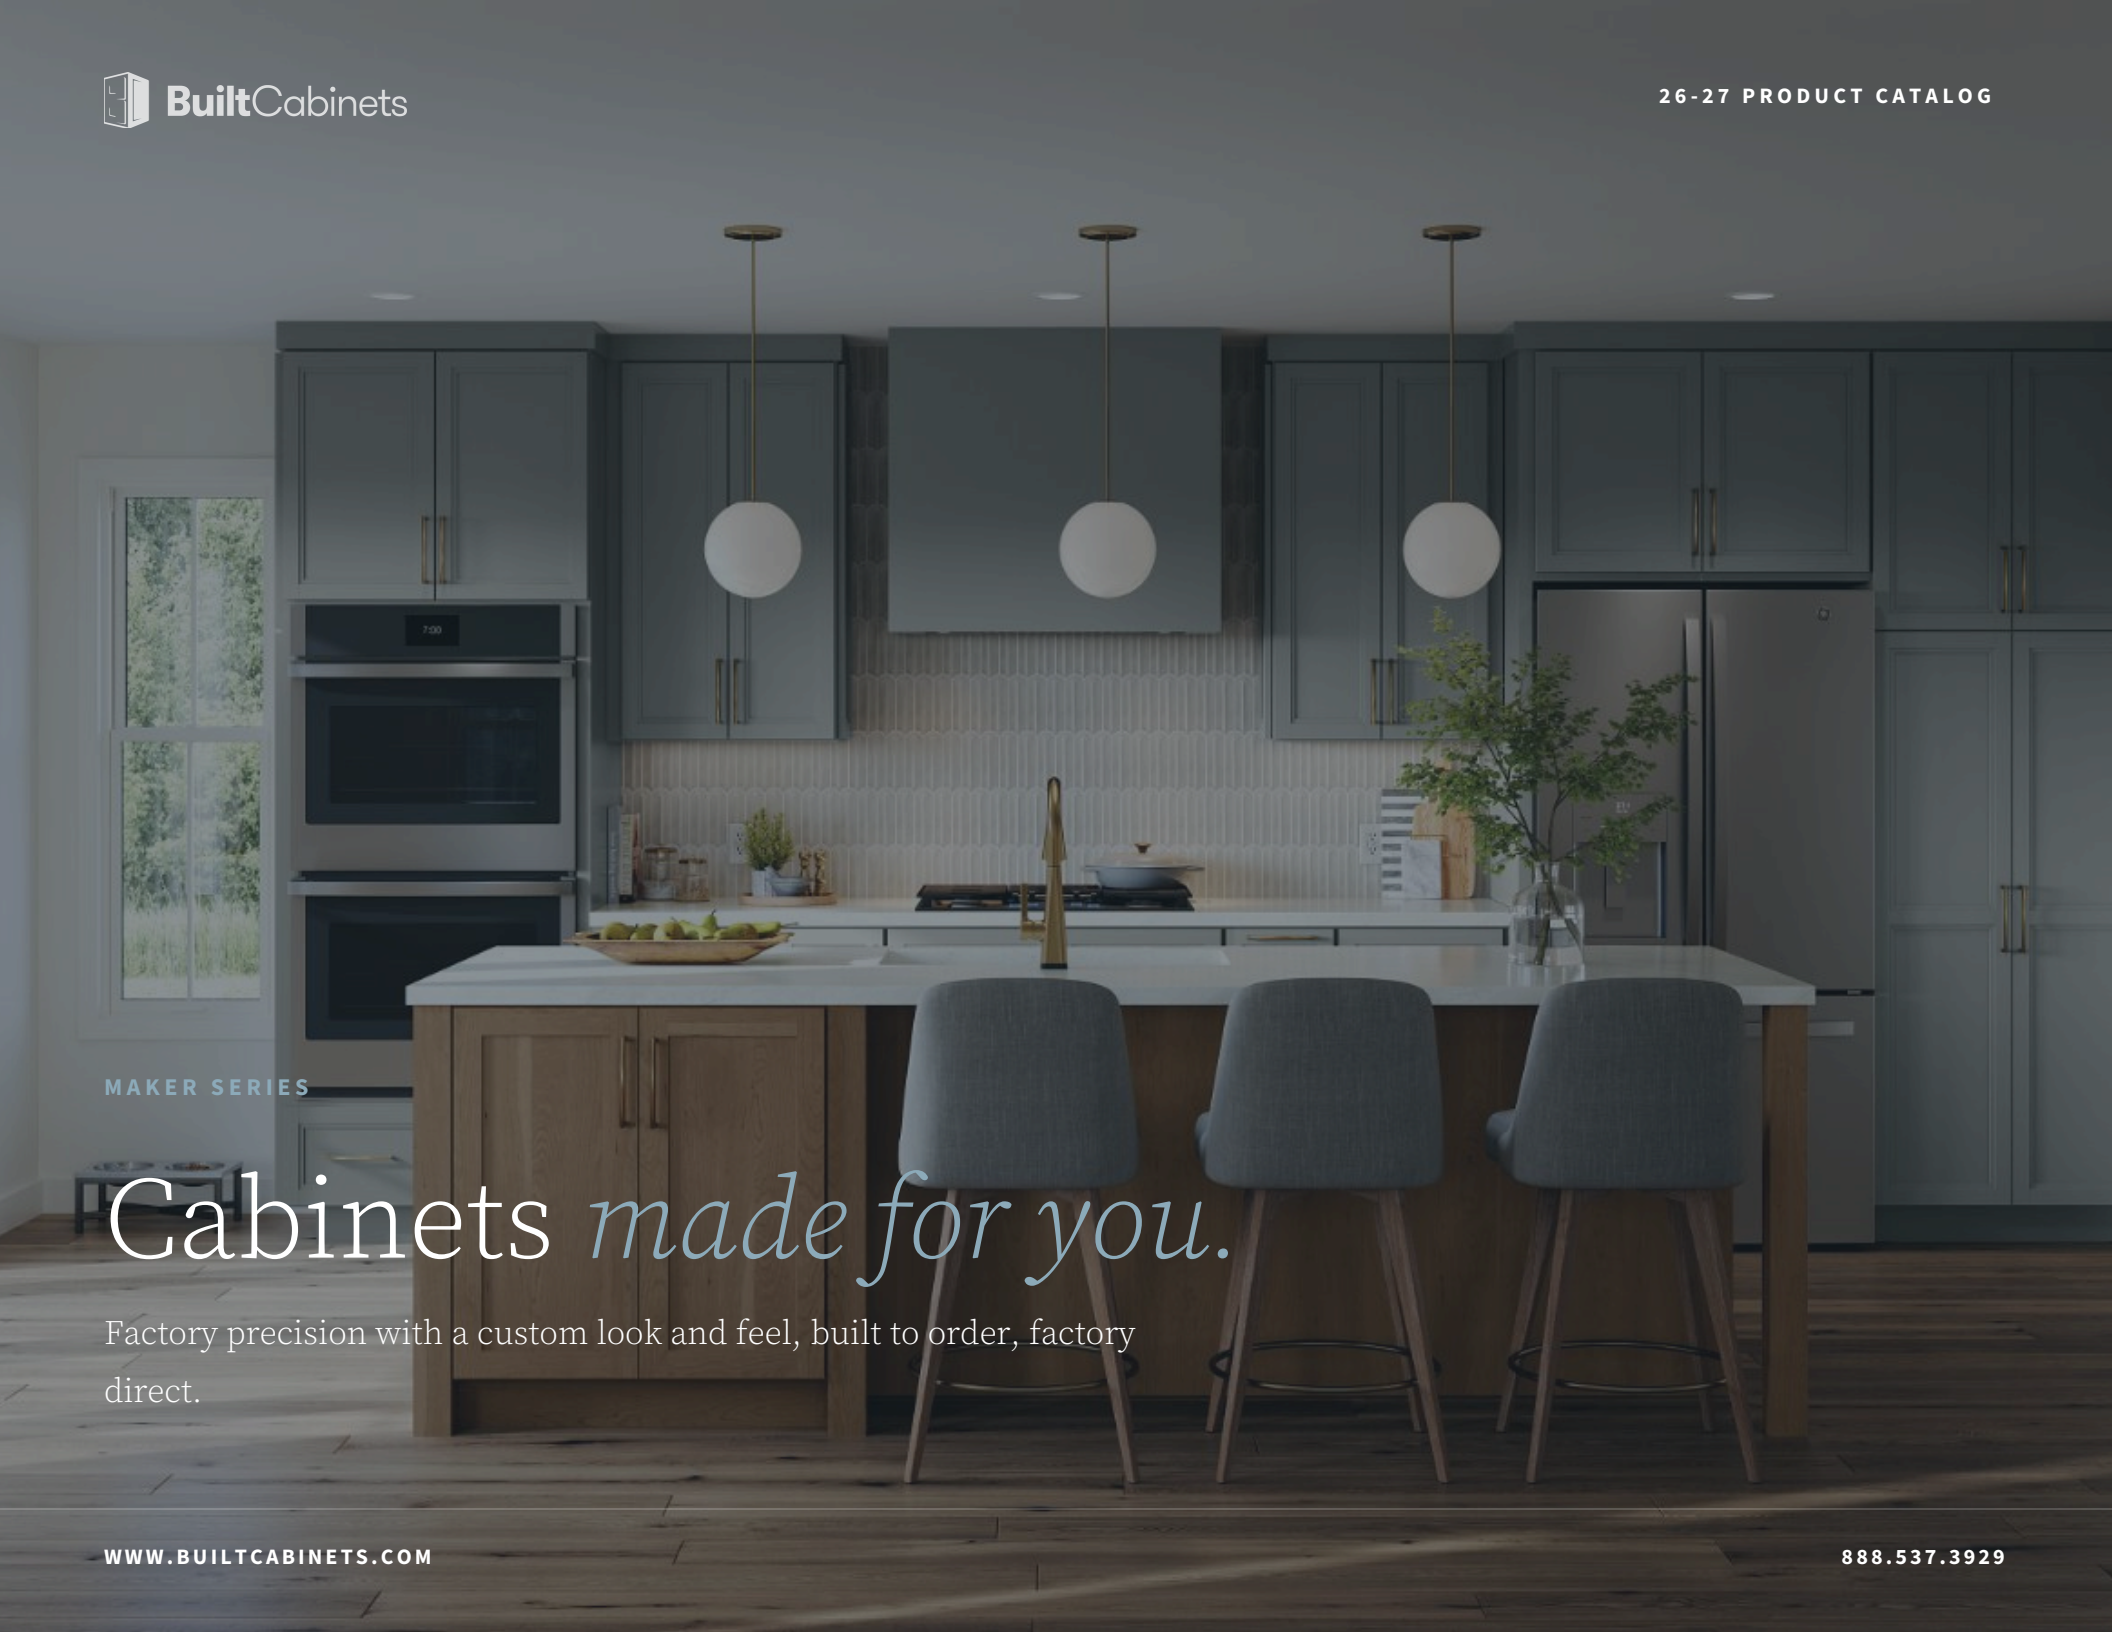

Everything that matters. Nothing that doesn't. Plywood or furniture-board box, dovetail drawers, soft-close standard.

WHO IT'S FOR

Builders whose buyers want more than builder-grade, at a price that still works.

17	23	619
DOOR STYLES	PAINTS + STAINS	COMBINATIONS

MAKER SERIES

Cabinets *made for you.*

Factory precision with a custom look and feel, built to order, factory direct.

BUILT FROM THE BOX OUT

Durable construction & *stability.*

Built for lasting strength and reliability, every cabinet designed, built, and factory finished in the USA.

LEAD TIME 5–7 WEEKS. CONFIRMED DATE AT ORDER

01

PLYWOOD ENDS & APC

½″ veneer plywood ends with a natural maple laminate interior. All-plywood construction available.

02

LOAD-BEARING BACK

⅜″ thick back panel supports cabinet contents and prevents separation from the wall.

03

FINISHED ENDS & OPTIONS

Finished ends included wherever the cabinet side is exposed; furniture-board construction available on request.

WALL CABINET: ADJUSTABLE SHELVES, CONCEALED HINGES

QUALITY CABINETS

Exceptional features.

ADJUSTABLE SHELVES

¾"-thick adjustable plywood shelves with a natural maple laminate finish, or a furniture-board alternate. Half-depth in base cabinets for convenient access.

6-WAY ADJUSTABLE HINGES

Fully concealed cup hinges with a sleek, modern look. Soft-close is standard, with a deactivation option for soft, quiet door closure.

BUTT DOORS

Double-door cabinets up to 36" wide eliminate the center mullion — maximizing storage for large bowls and platters.

DOVETAILE DRAWERS: BUILT TO LAST

DRAWER CONSTRUCTION

Built for everyday use.

Four-sided box construction preferred by homeowners and remodelers for its reliability and long-lasting performance.

DOVETAIL DRAWER BOXES

Corners dovetailed and glued for unmatched durability. Laminated plywood bottoms handle up to 15 lbs. per square foot.

FULL-EXTENSION DRAWER GUIDES

Soft-close, ball-bearing guides with complete access to drawer contents and a weight capacity up to 75 lbs.

FACTORY-FINISHED, FURNITURE-GRADE DOORS

DOORS & FINISHES

Timeless design. *Personalized beauty.*

OVERLAYS & PANELS

Full or partial overlays with recessed veneer, raised center, and reverse raised center panel designs.

STAINS, GLAZES, PAINTS & LAMINATES

Factory-applied finishes designed for long-lasting beauty, consistent on every order.

MOULDINGS & MODIFICATIONS

A design statement.

Top and bottom mouldings, glass door inserts, furniture feet, and turnings add tailored, furniture-like appeal — plus floating shelves, valances, corbels, and shiplap accents.

ORGANIZATION & ACCESSORIES

Stylish and clutter-free.

Lazy Susans and pull-out trays simplify corner spaces; cutlery dividers and roll-out trays ensure everything has its place. SuperCabinets offer maximum storage with easy access to essentials.

Five series. One source.

BUILT SERIES · SEMI-CUSTOM

Designer Series

More say. Not a custom price. Five woods, with specialty sizes and modifications built to your spec.

WHO IT'S FOR

Custom and high-end homes that need a specific door, finish or size.

28	5	1,490
DOOR STYLES	WOODS	COMBINATIONS

BuiltCabinets

2026 PRODUCT CATALOG

DESIGNER SERIES

More choice. More freedom. *More design.*

Solid wood doors and hundreds of door and finish combinations, fully assembled and shipped direct to the job site.

WHY DESIGNER SERIES

When the spec calls for more.

Thoughtfully integrated into the Built portfolio, Designer Series expands the program with more door styles and more finishes to complete the look the plan calls for, without moving to full custom.

01 MORE DOOR STYLES

35 doors across partial and full overlay, each numbered for spec.

02 MORE MATERIALS

Maple, cherry, oak, rustic hickory, rustic alder, and specialty laminates.

03 MORE FINISHES

13 paints, 25 stains, and 13 glazes, factory-applied on every order.

SPECIALTY SIZES & CUSTOM MODIFICATIONS · LEAD TIME 5–7 WEEKS

HOW TO CHOOSE

Two overlays. One decision.

Every Designer Series door is numbered for spec. Start with the overlay, then the style.

PARTIAL OVERLAY

Each door and drawer stands on its own. The door sits on the cabinet face with a 1″ reveal, leaving the face frame visible. The most economical construction in the series.

6 STYLES · SHOWN: BRISTOL · 11

FULL OVERLAY

Seamless coverage of the cabinet front. Doors cover the face with only a ¼″ reveal, so very little face frame shows. A flatter, more continuous elevation.

28 STYLES · SHOWN: EVEREVE · 15

SPEC NOTE Spec stain and species together. The same stain reads differently on maple’s even grain than on oak’s open grain.

MATERIALS

The wood carries the finish.

Five species, one standard of finish. Grain, tone, and character set the personality of every door.

MAPLE

Smooth, even grain. Takes paint and stain consistently.

SHOWN: NATURAL DELIGHT

CHERRY

Rich tone that warms and deepens with age.

SHOWN: AUTUMN

OAK

Bold, open grain that reads through every stain.

SHOWN: INSIGHT

RUSTIC HICKORY

Wide natural color variation and pronounced character.

RUSTIC ALDER

Knotty, even-textured, with a lived-in rustic character.

SHOWN: RUSTIC ALDER

Every species is factory-finished. Consistent, smooth stains and paints on every order.

DOOR STYLES 01

Partial overlay.

The door sits on the cabinet face with a 1″ reveal between doors, leaving the face frame visible. The most economical door construction in the series.

BRISTOL · 11

BRADFORD · 12

CAMBRIDGE · 13

DERBY · 14

COLOR SELECTIONS 02

Any color. *Every* color.

The Color by Number program opens the full Sherwin-Williams and Benjamin Moore palettes: thousands of colors, factory-finished on maple and MDF. Your client falls in love with a swatch at the paint store. You put it on their kitchen. That simple.

BUILT FOR PAINT

Painted styles may use MDF center panels for a reason: a smoother, cleaner paint surface that stands up to warping, expansion, and contraction.

REAL WOOD, REAL CHARACTER

Wood is a living material. It moves with the seasons, so painted finishes may show fine lines at stile, rail, and panel joints over time, and color can mellow with light. That is the character of real wood cabinetry, not a defect.

FROM SWATCH TO SHOWPIECE

Paint chips are printed on paper. Wood brings its own texture and sheen, so the finished door will always have more depth than the swatch.
